Transcriber's Office
FLOOR DEBATE

January 18, 2002 LB 413

last year, at that time referred to the Judiciary Committee. The bill was advanced to General File.

SENATOR CUDABACK: Senator Robak, you're recognized to open. I am sorry, Senator Robak, just (inaudible.) Okay, can you move?

SENATOR ROBAK: Seems like we've done this before. Senator Wehrbein's is..

SENATOR CUDABACK: I am sorry, Senator Robak.

SENATOR ROBAK: ...quite worn. Thank you. Thank you, Mr. Speaker and members. LB 413 is a bill that was brought to me by the Nebraska State Patrol Office, and I did carry this before. This did get out of committee, six to nothing. It...what the bill does, it makes it unlawful for one to...for someone to breathe, inhale, or drink compounds containing any of the...a number of ingredients that are listed in the bill. Presently, the law only allows for an individual who induces or entices one to breathe or inhale these substances to be prosecuted. The individual who does, in fact, breathe or inhale these substances is left blameless. And it seems only fair to me that we hold both parties to this, the one who entices someone to inhale or breathe and those that do, indeed, inhale and breathe. With that, I would answer any questions, if there are any.

SENATOR CUDABACK: Thank you, Senator Robak. Mr. Clerk.

CLERK: Mr. President, I do have amendments to the bill. The first, Senator Beutler, Senator, I've got AM2346.

SENATOR CUDABACK: Senator Beutler, you're recognized to open on your amendment to LB 413.

SENATOR BEUTLER: I would withdraw that, Mr. Clerk.

SENATOR CUDABACK: It is withdrawn.

CLERK: Senator Beutler, AM2352. (Legislative Journal page 282.)
